

# RIVERSIDE COUNTY FIRE DEPARTMENT

IN COOPERATION WITH ***CAL FIRE***

## **2021** ANNUAL REPORT

# 1 MESSAGE FROM THE FIRE CHIEF

I am proud to share our 2021 Riverside County Fire Department annual report with you. 2021 can best be described as "One Team, One Fight" for the Riverside County Fire Department. January began with the continued pandemic surge, our department providing leadership to the county and state in getting vaccinations to the public, a very long fire season with large fires in the central and northern part of the state, all the while having one of the largest employee vacancy rates in years. The men and women assigned to the department have responded to the call; from the Emergency Command Center, which is our true First Response, all the Firefighters on the apparatus, the mechanics that keep the equipment running, the personnel in the Service Center that delivers essential goods to incidents and stations, all the support staff that keeps the department running, the Public Information Office keeping the public informed, the Law Enforcement Office making arrests for arson, and the Fire Marshal Office reducing fires through education and prevention. All these hard-working employees performed at their very best, personifying the departments values of Leadership, Competence, Integrity, Safety and Customer Service.

As has been the case for many years, 2021 was a very busy time for Riverside County Fire Department. Emergency calls for service increased by 7.19% in 2021 totaling 183,893 responses, which is an increase of 12,332 calls from 2020.

The life of a Firefighter is dangerous. Firefighter Chad Burns received the highest honor given in California, The State Medal of Valor. Firefighter Burns risked his life before another while performing a high-risk confined space rescue. I am honored by the dedication and bravery of the men and women that encompass Riverside County Fire and CAL FIRE Riverside Unit.

2021, like the year before, was a destructive wildfire summer. While Riverside County was spared a very large incident, Northern California burned. Firefighters from Riverside County responded to the communities that needed assistance. I am proud of all the Firefighters that responded and gave aid to our neighbors.

Our department had tough challenges in 2021; the pandemic along with staffing shortages continued throughout the year. Uniformed and non-uniformed personnel made sacrifices, mostly in time with their families to provide emergency fire services to the citizens.

Riverside County Fire Department is unique as it encompasses State, County, and City resources to work together as one large department. Like last year, I want to thank the Riverside County Executive staff and Riverside County Board of Supervisors for their support. 52% of the County Fire Department is comprised of our City partners. Without the strong support of all 19 cities and the Fire District, our department would not be considered the leader in the Region.

Chief Bill Weiser  
CAL FIRE/Riverside County Fire Department
