<p><u>OTHER GRANT FUNDING SOURCES AND REQUESTS</u></p> <p>1) Helicopter Hoist and Backup Cable</p> <p>2) Gas Detection Equipment</p> <p>3) Emergency Telephone Notification System</p> <p>4) Riverside County Community Health Agency - Bio-Terrorism Preparedness Branch</p> <p>5) Enhanced 911 Grants for Wireless Emergency Systems</p> <p>6) GSK/TUMS – First Responder Institute Challenge Grant Program</p>	<p>attendance at WMD HazMat HOT, WMD HazMat IC, Radiological/Nuclear Response, and Explosives Awareness. There is no charge for tuition, travel, and per diem for these classes. The only charges are overtime and backfill. The Grants Section will pursue this grant in 2005 and assist with scheduling of the training for HazMat staff.</p> <p><u>STATUS</u></p> <p>1) The Executive Team approved rerouting \$110,000 in SHSGP funds to purchase the hoist and cable. A request has been made to begin the process of securing grant approval for the budget change. This process could take up to two months. Also included in the Indian Gaming grant as a backup-funding source.</p> <p>2) In the process of researching grant funding availability for Blythe Battalion. They requested funding for a “four gas monitor.”</p> <p>3) Verizon is unable to provide Riverside County with an Emergency Notification System. If Riverside County is still interested, Verizon’s Public Safety Account Manager will make a referral to the company he was working with and have them work directly with Riverside County.</p> <p>4) Exploring the possibility of securing grant funding from this source to help find and fund specific training to meet HazMat’s Federal and State certification requirements.</p> <p>5) Grant is provided through the Public Safety Foundation of America. Deadline will be sometime in April 2005 with approximately \$1.95 million in funding availability. The focus of the grant is to fund the implementation of enhanced 911, or wireless 911 technologies, including planning and coordination, equipment and technology upgrades. To assist in deploying this technology in emergency dispatch centers.</p> <p>6) A small maximum \$2,500 firefighting equipment grant for “needy fire departments” with a 50/50 cost share.</p>

Update
Week of 1/31/05

<p>7) 2005 Assistance to Firefighters Grant Program</p>	<p>7) The Assistance to Firefighters Grant (AFG) Program posted today the initial schedule of applicant workshops for the 2005 Fire Grants. This year, the Congress has appropriated over \$600M specifically for Fire Grants. The application period is tentatively scheduled for March 7 to April 8. The Fire Grants for this year are very similar to those from last year. There is little change. One change is that the Congress has directed the program office to award a limited number of grants (on a competitive basis) to Emergency Medical Service (EMS) organizations that are not affiliated with a fire department. <u>Received proposal ideas so far from Chief Hyatt, Chief Michael. Chief Paiz</u></p>
<p>8) Station 52 (Cottonwood)</p>	<p>8) Submitted request to Cahuilla, Pechanga, Agua Caliente, and Cabazon Indians tribes for Indian Gaming Local Community Benefit Committee grant funding to purchase a new four-door, four-wheel rescue squad with extrication tools and built-in generator.</p>
<p>GRANTS NOT AWARDED OR SUBMITTED</p>	
<p>1) 2004/2005 Rural Access to Emergency Devices Grant (RAED)</p>	<p>1) Funds defibrillators. Will not apply, no interest at this time.</p>
<p>2) 04 Assistance to Firefighters Grant</p>	<p>2) Funds for SCBA project. Not awarded.</p>
<p>3) Public Access Defibrillation Demonstration Projects</p>	<p>3) County Fire does not want to apply for this grant because funding does not meet internal requirements.</p>
<p>4) HRSA Rural Emergency Medical Service Training and Equipment Assistance Program</p>	<p>4) Applicants must submit a nine-page "pre-application" to HRSA by January 10, 2005. There will be no new competitions available for FY '05.</p>
<p>5) California Fire Safety Council Clearinghouse</p>	<p>5) Will not submit concept paper. Received conditional funding for Oak Glen fuel break project.</p>

COMPLETED GRANTS	OUTCOME
<p>1) State Emergency Medical Services Authority Grant</p> <p>2) EMS Certification</p> <p>3) May Day 2004 Exercise</p> <p>4) 03/04 OTS Fire Rescue Tools and Equipment</p>	<p>1) Purchased 7 defibrillators.</p> <p>2) Of the 120 paid firefighters eligible to upgrade, 111 (93%) completed the EMS course. Net result – 99% of County Fire paid personnel are trained at the EMT level or higher. 88 volunteer firefighters completed the course. \$238,872 in EMS equipment and supplies was purchased to replace worn training equipment and update training aids for classes. The new equipment and supplies allowed County Fire to build three EMS training caches so that EMS classes may be taught simultaneously at multiple locations throughout Riverside County.</p> <p>3) The County of Riverside Bio Terrorism and Preparedness Branch conducted an Operational Area exercise called “May Day 2004.” The exercise provided: a) an understanding of how available resources respond together to an event, and b) an effective way to evaluate emergency response. Participating agencies were as follows: Cities of Riverside, Palm Springs, Corona, Hemet, Riverside County Sheriff and Fire Departments, and American Medical Response.</p> <p>4) Fire equipment purchased and final reimbursement requested.</p>
